

# GoodOnYaDeli

"where you matter"

Here at *GoodOnYa* we know that your time and energy are valuable resources and so we try to make your life as easy as possible! We have two convenient payment options. Our House Account service allows you to pay by company check once a month, and a Credit Card on File allows us to keep your credit card information and charge you the day of delivery.

With our **House Account** service we will bring an itemized receipt with your delivery which serves as your invoice, as well as one copy for you to sign and return with the driver. Your receipt serves as your invoice, and you will use that to keep track of your charges with us, we will not send you a monthly statement. The last four digits at the top of your receipt are your invoice number. At the end of the month, your company can write a check for all the receipts. Please reference the invoice number(s) you are paying on your check stub.

Another option is **Credit Card on File**. All you need to do is provide us with your Credit Card information and we will charge you as we go. We will always bring you a copy of your receipt with your order. You can also designate names of people who are authorized to use the card.
